LEARN GROW EXCEL

NI CHAMBER BUSINESS
SUPPORT SERVICES

Northern Ireland
Chamber of Commerce
and Industry

HELPS BUSINESS GO GLOBAL

Learn Grow Excel is a new initiative from NI Chamber designed to support growing companies at every stage of development and encourage more export activity in Northern Ireland, supporting the ambitious export targets set out in the Department for the Economy's Export Matters Strategy.

Whether you are in the early stages of growth, starting out in new markets, or interested in scaling-up your business and expanding into additional export markets, the portfolio of programmes, supported by our private sector partners, has something for every level of business. The only pre-requisites are the potential and commitment to grow your business and a determination to succeed.

The focus for Learn Grow Excel is therefore to:

- Inspire and Share Learning
- Build Capability and Networks
- Provide One to One Support
- Promote Development & Sales Opportunities
